# GENERATIONS / PMB HEALTHY AGING PARTNERSHIP

In 2014, Generations and PMB forged a partnership to develop large-scale campuses that integrate senior housing, health, and wellness by focusing on aging in place solutions, preventive wellness, and intergenerational socialization.

Generations was established in 1943. Today, our large and beautiful campuses range in size from 180 units to 460 units and continue to provide exceptional living and a meaningful lifestyle for seniors.

PMB was founded in 1988 and currently has over 60 healthcare projects across the continuum of care throughout California.
